2010/2011 ACCOMPLISHMENTS OF HEALTHQUEST STROKE NETWORK

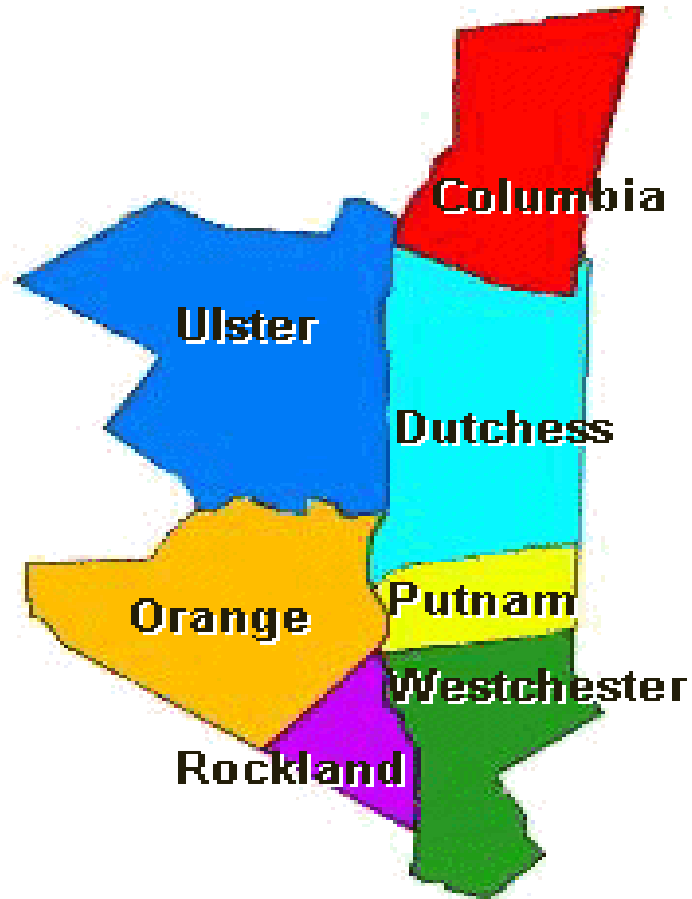

- Community education
- Health Fairs
- Resource Book
- Staff Education

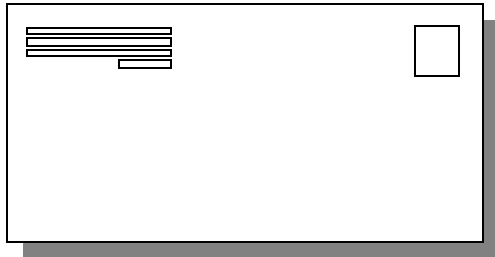

NETWORK AREA

LETTER OF INTEREST

- In an effort to advance stroke systems of care in the Hudson Valley area and enhance education in our community, I am interested in establishing a Stroke Coordinators Network. This forum would enable us to work collaboratively toward public education. Our meeting can be quarterly and can be managed through a conference call system. I am interested in hearing from you whether you feel the community will benefit from this type of Network.
- If you are no longer engaged with the care of the stroke patient, would you kindly forward this email to the person at your facility that is involved in this area.

HOSPITALS PARTICIPATING IN THE HUDSON VALLEY STOKE NETWORK

Vassar Brothers Medical Center
Columbia Memorial Hospital
Health Alliance Hospitals
Orange Regional Hospital
Northern Dutchess Hospital
Putnam Hospital
St Francis Hospital
Good Samaritan Hospital

MISSION STATEMENT

- To establish a network for mutual and professional support among stroke team members in the Hudson Valley Region.
- To serve, as a collective body, as the leading resource for stroke awareness and education in the Hudson Valley Community.

COMMUNITY NEEDS

- EMS Education
- SNF Education
- Stroke Education for Young Adults
- Building Stroke Support Groups for Community Members

FUTURE PROJECTS

- “STROKE ON THE ROAD”
- COMMUNITY LECTURES
- REGIONAL NURSING CONFERENCE
